FOREWORD

Many years ago the small community of Dubois consisted of tiehacks. There are many legends about our town and its people. For this reason we have chosen "The Tie Hack" as the title for our annual.

The annual staff of '60-'61 chose this subject in commemoration of those great people who started the little prosperous town of Dubois.

DEDICATION

To Mr. Larmer, who has so capably helped each of us through our high school years at Dubois High School. You have listened to our troubles, real and imaginarys, and you have treated us as adults-which we like to think we are.

No matter how gloomy the day, Mr. Larmer, you could always find something for us to smile at, and you have given us inspiration and a clearer understanding of our youth.

You have made us welcome in your home and in your heart as a friend.

It's hard to express our thanks for all you have done for us, so all that we can do is hope that this yearbook can show you our gratitude for your help and patience, and our respect for you as an advisor a teacher and friend. We dedicate, "The Tie Hack" to you, Mr. Larmer.

We, the freshman class, registered into school on Tuesday, September 6th. Proud we were--for finally we had approached **high school**.

During the third week of school our pride was conquered by senior students, who for four days, put us through a never-for-gotten initiation. The girls were required to wear green nail polish and twenty five braids, each held securely with a green ribbon. For the boys a green scarf tied over their heads and an army haircut was required. To repay us for various tasks done during initiation, the seniors held a pizza party and dance in our honor.

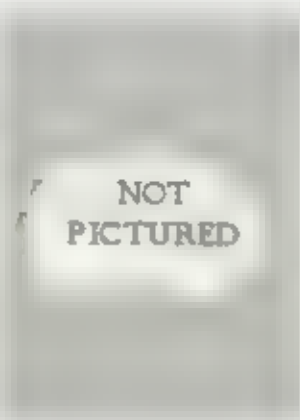

During the school year we held several money making projects: a slave sale, raffle of a stuffed dog, and a Sadie Hawkins Dance.

As Freshmen of 1959 we withstood the initiation awaiting us. Each of us was dressed in an outrageous costume. The Seniors rubbed Limberger cheese on us and threw eggs at us. We survived the day and enjoyed a very nice party given us by the Seniors.

In 1960-1961 our main money making project was a garbage haul.

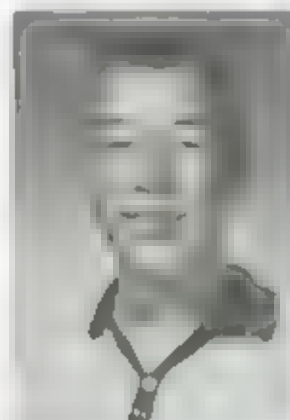

Class officers for our sophomore year were: Bob Pitner, vice-president; Pam Roth, secretary-treasurer; Ramar Brown, Student Council Representative; Karen Welty, president.

As incoming freshmen we all looked forward to initiation and in spite of all the awful pranks awaiting us we managed to survive and will always carry with us the memories of our freshman initiation. Another important event of the year was the return party which we gave the seniors.

Our sophomore year was full of fun and everyone worked extra hard to earn money for the coming year.

We presented "Tiger House," a mystery comedy our junior year, and our prom, "Teahouse of the August Moon," with _____ as queen, was a huge success.

PROPHECY

IN 1971 WE TRAVEL THIS FAIR LAND OF OURS FINDING SENIORS EVERYWHERE.

Lon Ramsey has completed his schooling and is working busily in his own office as a dentist.

Larry Annanus is the worlds worst beatnik. He is a Bongo Drummer at the local dive where all the other cool cats hang out.

Dale Raith is on the West Coast trying to revive the beatnik fad when he's not playing his gold-plated Bongo drums.

Butch Helt is just getting out of college and plans to be an electrician.

Hope Skovgard didn't believe in the magic of a doctor and his white coat until she met him!

Nobe Brown is on his cattle ranch looking over his herd of Angus.

Cynthia Scilling is a busy housewife with eight well-behaved children.

Jim Pitner is seen jumping on a north-bound freight heading back to Wyoming where he always spends the summer.

Dick Emond, jet pilot and captain of a squadron, is just flying over Dubois.

Birgit Dahllof, outstanding Swedish stenographer, is delicately perched on her boss's knee taking notes on the best way to eat spettechaka with one hand.

Cathy Hawley is working very hard in a medical laboratory happily discussing a serious problem with her future husband.

Tom Smith has become a famous racer, driving his car, a red and green jet propelled bomb, in all the international races.

Alan Larson is happily married and living in California with his family.

George Wingert, Commander, is sailing the far seas on a Navy Destroyer.

Albert Wagner is driving down the road in a 1971 Corvette. He has just graduated from college and has a degree as a "playboy."

Ann Van Vooren happily retired from the business world, is trying to keep all the diapers clean, keeping her oldest son out of the garbage, and serving her husband a burnt supper.

Clyde Winchester is driving a team of horses to the field for the morning feeding. His spread is known throughout Wyoming as the "Flying CW."

Hilkka Dahllof is still looking at old magazines that show a fellow countryman as "The heavyweight champion of the world."

Bob Mosher is still known as the "Mad Scientist" on the University of Wyoming campus.

Marlene Brunn has become the pharmacist of Dubois Drug. Molly's special this week is "Apfap," a pill for a pain.

CONCLUSION

The hard work, the headaches, and the long tiring hours, finally bring the 1961 Annual to a close.

Even though this finishes the annual there will always be pleasant memories for those who have attended school this year.

This yearbook is hoped to be a reminder and a diary of the happenings in D.H.S.

There will be many smiles, fond memories, and chuckles when the former students look back at the events of school years '60-'61.
